Students who find they must withdraw for medical reasons after the second week of classes may request a medical withdrawal. The process for requesting a medical withdrawal is similar to that of requesting a medical leave of absence, except that the student's courses remain on the transcript, with final grades of W. As this may affect eligibility for financial aid, students requesting a medical withdrawal (as opposed to a medical leave of absence) should consult with the Office of Financial Aid and Scholarships before making a final decision to withdraw.
